Situation in Battle Of Burma Growing Even More Critical

General MacArthur, Dramatically Underlining Pledge of Counter-Offensive, Pledges Resources Of Mighty Power of U. S. to Drive Japs Out of Southwest Pacific

THAILAND REPORTED INVADIED BY CHINESE

BY ROGER D. GREENE  
Associated Press War Editor  
Gen. Douglas MacArthur, dramatically underlining his pledge of an Allied counter-offensive against Japan, told leaders of Australia today that "there can be no compromise... we shall win or we shall die" in the fight to drive Emperor Hirohito's invasion armies back out of the southwest Pacific.

CHURCHILL REFLECTS OPTIMISM

Prime Minister Says Allies Cannot Lose War Except Through Own Fault, as Tempestuous Aerial Blows Are Reported on Many Battle Fronts in Europe

By the Associated Press  
Tempestuous aerial blows ranging from Arctic Murmansk to Germany's industrial Ruhr valley and the white cliffs of Dover were reported today as Prime Minister Winston Churchill sounded a rare note of optimism with the declaration that the Allies "cannot lose this war except through our own fault."

REDS CLAIM GERMAN SLAUGHTER MOUNTING

On the Russian front, Soviet dispatches told a story of mounting German slaughter along the vast battle line, while a bulletin from Adolf Hitler's field headquarters acknowledged a fresh wave of Red army assaults.

BUSY RUHR VALLEY IS HEAVILY BOMBED

London, March 26—(P)—Germany's industrial Ruhr valley was "very heavily bombed" last night as a set-up in bad weather permitted the RAF's bomber squadrons to resume the offensive on the Reich, the air ministry announced today. It acknowledged that 11 planes were missing.

LEAFLET WARNING IS RAINED ON FRANCE

Virchy, March 26—(P)—The British air force again warned Paris last night during an hour and a half pamphlet raid that it would return to bomb other French factories working for the Germans.

WAR BULLETINS

Washington, March 26—(P)—The navy announced today that the coast guard cutter Acaia was recently shelled and sunk in the Caribbean area, presumably by an enemy submarine, and that all aboard were rescued.

London, March 26—(P)—Nazi machinations to get at least 750,000 men from the Axis' Balkan junior partners to help fight Hitler's wars were charged today by British diplomatic sources, who gleefully predicted they might prove a boomerang.

Washington, March 26—(P)—House concurrence sent to the White House today legislation increasing the national debt limit from \$65,000,000,000 to \$125,000,000,000.

With U. S. Troops in Northern Ireland, March 26—(P)—United States and British troops ended their first battle practice today after the Americans had enacted the "enemy" role for a 72-hour problem executed under conditions just short of what might be expected in actual combat.

Canberra, Australia, March 26—(P)—Air Minister A. S. Drakeford rejected with thanks today the offers of several Sydney men to act as "human bombs" in action against the Japanese fleet.

London, March 26—(P)—An Italian broadcast, heard here by Reuters, said Hitler received Field Marshal Erwin Rommel, the Nazi North Africa commander, at his headquarters today.

Tokyo (From Japanese Broadcasts) March 26—(P)—Domei said in a Vichy dispatch today that it had been "learned reliably" that the Vatican and Japan have agreed to establish diplomatic relations.

Regular Organizations Now Lined Up Squarely Behind Slates in Opposition To Candidates Already in Field

SELECTING MANAGERS

BY JOHN B. CAMPBELL  
Harrisburg, March 26—(P)—Hot primary contests were assured today in both Republican and Democratic parties with Pennsylvania's part in the national war effort certain to draw a major share of attention.

The Democratic state committee, which had previously backed Auditor General F. Clair Ross for the gubernatorial nomination, yesterday endorsed these other candidates:

Lieutenant governor, Elmer Kilroy, Philadelphia, speaker of the state house of representatives, James P. Torrance would support Major General Edward Martin for the gubernatorial nomination. Taylor, campaign manager for Martin, said the organization also would back:

John C. Bell, Jr., state secretary of banking, for lieutenant governor; William S. Livengood, Jr., secretary of internal affairs; Judge Allen M. Stearns, Philadelphia, for (Turn to Page Eight)

CRIPPS PARLEYS BEARING FRUIT

New Delhi, India, March 26—(P)—Sir Stafford Cripps' journey to India bore fruit today when Maulana Abdul Kalam Azad summoned the congress party's executive committee to a meeting next Sunday to consider the British government's plan to grant India greater autonomy.

Political observers attached considerable significance to the announcement, recalling that Azad—who conferred yesterday with Cripps as president of the congress party—had said only a few days ago he would call such a meeting if the British emissary's proposals were worth considering.

Mohammed Ali Jinnah, leader of the Moslem League, who also talked with Cripps yesterday, has called a meeting of the League's working committee for Friday.

Cripps, meanwhile, disclosed that Mahandas K. Gandhi, powerful champion of India's long campaign for independence, would arrive here tomorrow from Wardha at his invitation for a conference.

London, March 26—(P)—Apparently seeking to counter Sir Stafford Cripps' mission to India, the Axis announced today that it was launching its own Indian independence movement.

SMALL FIRMS TO BE FURNISHED FINANCING PLAN

Washington, March 26—(P)—President Roosevelt authorized today the financing of war contracts for small business through guaranteed loans.

Under a presidential executive order, the war and navy departments and the maritime commission may guarantee or even make loans necessary for war production to stimulate participation by small business firms.

These agencies may enter into contracts with any Federal Reserve bank, the RFC or "any other financing institution" guaranteeing them against loss of principle or interest on loans, discounts or advances, or on commitments in connection with them, for financing war output.

A White House statement said that it was the opinion of high officials of these agencies that "this order will greatly speed the war production of small business and sub-contractors generally."

Seep Agency Posts Increased Price List For Penna. Crude

Pittsburgh, March 26—(P)—The Joseph Seep Purchasing Agency of the South Penn Oil Company, one of the largest buyers of Pennsylvania Grade crude oil, announced today a new increased price list to conform with the 25-cent-a-barrel advance granted yesterday by the office of price administration.

The new quotations, highest for Pennsylvania grade since the early 1930's, were: Bradford district, \$3.00; National Transit Co. \$2.93; Southwest Pennsylvania Pipeline Co. \$2.85; Eureka Pipeline Co. \$2.59 and Buckeye Pipeline Co. \$2.55.

Although buyers had posted equally high prices last August, the increases were rescinded a short time later by Price Administrator Leon Henderson. Producers then appealed for a restoration of the increases, predicting higher prices would bring about a rise in output.

The OPA also held out a promise of a further 25 cent a barrel advance when production reaches over a three-month period. Output in the week ending March 14 averaged 79,850 barrels a day.

The new prices represented a 90-cent a barrel advance for Bradford district oil since the quota hit a low in August, 1940.

MEASURE ASSAILED BY CHIEFS

William Green, President of American Federation of Labor, and Philip Murray, Head of the CIO, Jointly Advise Congress Against Passage of Labor Bill Amendments

SPONSORS ACCUSED OF UNDECLARED WAR

Washington, March 26—(P)—William Green, president of the American Federation of Labor, and Philip Murray, CIO chief, jointly advised congress today against passing labor legislation which might start an "undeclared war among ourselves" and divide the nation into groups fighting each other.

In statements prepared for presentation before the house naval committee, they assailed a bill to suspend the closed shop and ratify pay for overtime in war plants and said it was dictated by labor's enemies.

"I charge that the sponsors and supporters of this bill are now waging an undeclared war against President Roosevelt and against the workers of America who believe in the policies of his administration," said Green in his "statement."

Murray declared the naval committee had the responsibility of "correcting misinformation that has been sponsored and fostered by anti-labor groups x x x and of rebuking once and for all those in public life and in private life who are attempting to disrupt and divide our nation into groups."

The American Federation of Labor head told the committee that "we cannot afford in the nation's crisis to take time out to fight another and undeclared war among ourselves here in America."

Both Green and Murray asserted that present federal statutes provided no restrictions against working more than 40 hours a week. (Turn to Page Thirteen)

PENNSYLVANIA SUGAR BUSHES REPORTED BUSY

Harrisburg, March 26—(P)—Heavy advance demands and higher prices possibly due to approach of sugar rationing are spurring Pennsylvania farmers in the harvest of a bigger crop of maple sugar than usual, the State Department of Forests and Waters reported today.

"Prospects are quite favorable for a good season," the department announced after a survey showed sap running in the dozen or so counties boasting big sugar bushes.

Prices now ranging from \$3.25 to \$3.50 a gallon are about \$1 above usual, said R. L. Emerick, acting chief of the bureau of forests.

Northern tree counties are in the midst of boiling off syrup while sap began to run in Somerset county three weeks ago and in Lycoming two weeks ago. Warm days and cold nights have been ideal for a good flow of the sweet sugar water.

PLANT FOREMAN NOT GUILTY OF SABOTAGE

Scranton, March 26—(P)—A federal jury of seven women and five men acquitted Walter C. Dietrick last night of charges of sabotage in not letting trench mortar shells at the Kennedy Van Saven manufacturing plant at Danville where he was foreman for 19 years.

The jury deliberated one hour. Judge Albert W. Johnson in his charge to the jury declared Dietrick's admission that he placed a soluble material in holes of the shells in an effort to pass them through army inspection was not in itself an indication of guilt.

Did This Girl Work Too Hard?

(NEA Telephoto)  
Detroit, March 26—(P)—A local union of the United Automobile Workers (CIO) today called Miss Genevieve Sump (above), 25-year-old defense worker, to trial on charges of conduct unbecoming a union member.

Robt. F. Rich, Woolrich, Pa. Republican, told congress that Miss Sump was fired from her job at the demand of the union because she did more work than the average employee.

LOCAL MAN IS KILLED IN ERIE STEEL FACTORY

Robert H. Olson, Son of Mr. And Mrs. Oscar Olson, Meets Death While at Work When 500-Grill Falls Upon Him

SERVICES SATURDAY

Robert H. Olson, 31, of 2110 East Seventh street, Erie, and until recently a resident of Warren, was crushed to death at 4:45 p. m. yesterday when he was struck by a heavy iron grill and a pipe at the plant of the Erie Concrete and Steel Company, according to information received here today.

The young man, father of three children, was dead by the time fellow employees removed the grill, weighing 500 pounds, and a pipe from his body. Dr. Charles R. Leone, deputy coroner, attributed death to a fractured skull and crushed chest.

Dr. Leone said that Olson was picking up scrap iron and throwing it onto a pile at the time of the accident. The scrap iron was piled along the side of a track, and kept from falling onto the track by heavy grills that were piled, end on end, in the form of a fence.

Omits Sat. P. M.

The Philadelphia Daily Journal has announced that for the duration of the war the Saturday edition of that newspaper will not be published.

"There are several dominant factors that caused the Journal to make this decision," says a front page story. "Precisely everything that goes to make up a newspaper is now on a priority list: tin, lead, antimony, the special oils for making inks, together with the paper problem, plus the higher costs of production. These are some of the items which we are forced to face. The government needs these materials and needs them badly."

The citation lauded the hero of Bataan for "Conspicuous leadership in preparing the Philippine islands to resist conquest. He mobilized, trained and led an army which has received world acclaim. His utter disregard of personal danger... his calm judgment in each crisis, inspired his troops, galvanized the spirit of resistance of Filipino people, and confirmed the faith of the American people in their armed forces."

HONOR MEDAL FOR MACARTHUR

Washington, March 26—(P)—A Congressional Medal of Honor, the nation's highest decoration for valor under fire, is going to General Douglas MacArthur today by order of President Roosevelt.

The medal, a spread eagle and five-pointed star swung from a blue silk ribbon, will be presented to the commander-in-chief of the southwest Pacific by Nelson T. Johnson, United States minister to Australia.

The citation lauded the hero of Bataan for "Conspicuous leadership in preparing the Philippine islands to resist conquest. He mobilized, trained and led an army which has received world acclaim. His utter disregard of personal danger... his calm judgment in each crisis, inspired his troops, galvanized the spirit of resistance of Filipino people, and confirmed the faith of the American people in their armed forces."

Limestone Quarry at Plant Of the Lehigh Portland Cement Company Scene Of Fatal Blast Causing Injury to Scores Including 14 School Children

MANY BUILDINGS AND HOMES ARE DAMAGED

Easton, March 26—(P)—Hundreds of pounds of dynamite exploded prematurely at a limestone quarry of the Lehigh Portland Cement Company four miles north of Easton today, killing at least 30 men and shattering the countryside for miles around.

Investigators said the death toll may reach 32.

The explosive was stacked on trucks and on the ground around the rim of the pit. Most of those killed were eating a mid-morning lunch nearby when the blast, let 9:30 a. m. EDT.

Sixteen other men were at work in the bottom of the pit and escaped injury.

The blast was felt as far away as 50 miles. Windows were shattered in homes and buildings in an 18-mile area.

Fourteen school children from a school a mile north of the quarry were brought to an Easton hospital.

The entire front of the school building was ripped away, investigators said. One of the two teachers also was injured. About 60 pupils were in the building.

G. C. Bachman, timekeeper for the company, said preparations were being made for a major blast and that 10 to 12 men normally were used in such an operation.

All available emergency ambulances and doctors were rushed to the scene from Easton and Philadelphia, N. J., across the Delaware river from Easton.

Windows in stores and homes were shattered in Easton, Allentown and Bethlehem.

Pebbles hurled into the air by the force of the blast fell in Buttztown, on the outskirts of Bethlehem, nine miles from the scene.

The blast was reported heard in Norristown, about 50 miles south of Easton, and the Plainfield, N. J., area, about 30 miles distant. (Turn to Page Eight)

Shavers Fear Horse-and-Buggy Beard May Be On Way Back

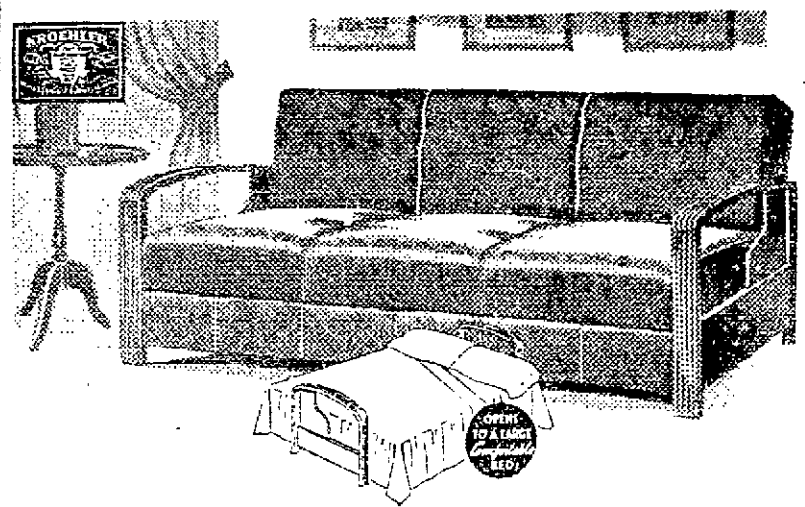

Washington, March 26—(P)—of yesterday, sharply curtailing the manufacture of razors and razor blades.

An army press officer, apparently undaunted by the vision of streamlined modern divisions with bushy Civil War beards, reported that there was nothing in regulations pro or con on the subject of whiskers. However, the procedure for stuffing a full beard into a gas mask presents a novel military problem.

The navy, on the other hand, provides in regulations that a sailor or can be either clean-shaven or bearded, as he chooses.

#### QUESTIONNAIRE IS PREPARED ON TYPES OF WORK

Members of the two local draft boards are making preparations for sending questionnaires to men who registered in the third Selective Service enrollment last month to obtain information on their present employment activities and on their skills or abilities.

After the questionnaires are checked by the local boards, copies will be sent to the state Selective Service headquarters.

According to Col. B. F. Evans, acting state Selective Service director, data gathered will serve as an important aid in achieving a more complete and efficient utilization of the manpower of the country in connection with the war production program outlined by the president.

This occupational questionnaire has no connection with the regular questionnaire sent to all Selective Service registrants to obtain information on which classification for possible military service is based.

#### BOYS IN THE SERVICE

According to word received here, Pvt. Arthur M. Torrey, son of Mrs. Gilbert Peterson, 807 Fourth avenue, has been graduated from the world's largest air corps technical school at Sheppard Field, Texas, where he has been attending classes for the past several months. Pvt. Torrey, attached to the 215th Technical School Squadron while in school at Sheppard Field, was graduated March 22. Having undergone intensive training designed to give him a complete working knowledge of the battle birds, he is now qualified as one of the eight specialists necessary to keep one plane in the air.

Delbert Hunter, who is stationed with the United States Coast Guard Service in Brooklyn, N. Y., spent the weekend with friends and relatives in North Warren.

A press dispatch from Scranton reports that the Rev. J. L. Ward, former Trinity Memorial Episcopal minister here, has received word that his son, James, is safe in Boston, Mass., after his ship was sunk. Young Ward was third mate on a freighter, but its name where it sank and cause of the sinking were not revealed.

Sgt. William Olson, who is stationed at Camp Livingston, La., is enjoying a short furlough here.

#### BUS DRIVERS OF FIVE COUNTIES TO HEAR TALKS

Approximately 150 Warren county school bus drivers will be included among those from five counties of northwestern Pennsylvania who will attend a one-day conference at Edinboro State Teachers College on Saturday, beginning at 10 a. m. The conference is sponsored by the State Department of Public Instruction. Other counties are Crawford, Erie, Mercer and Venango.

According to Dr. Francis B. Haas, superintendent of public instruction, the conference is being held in the interest of greater safety and efficiency in the transportation of school children and represents a step in providing in-service training for bus drivers.

H. L. Blair, Warren county superintendent of the meeting in Edinboro.

At the morning session, speakers will include Dr. L. E. Van Houten, president of Edinboro; Raymond W. Robinson, chief of consolidation and transportation in the Department of Public Instruction; Lt. A. J. Wren, of the War Department, Washington; Lt. Herman J. Roush, of the State Motor Police, Erie; Gerald T. Clover, first aid instructor, Pennsylvania Telephone Corp., and A. W. Caven, of the Travelers Insurance Company. In the afternoon there will be a panel discussion and forum, at which Raymond W. Robinson will preside. Those taking part will include M. E. Kolpin, Erie county; W. M. Pollard, Mercer county; L. H. Peffer, Venango county, and H. L. Blair, Warren county.

#### TIMES TOPICS

**END DRAWING NEAR**  
 It was reminded today that March 31 will be the deadline for anyone who is planning to file petitions as committeemen in the county, and several are being filed this week. A complete list will be printed later with all candidates named.

**MEASLES DROPPING**  
 It was reported at the high school today that the epidemic of measles which has lasted during the past two weeks is steadily decreasing among youngsters, though many adults have been reported throughout the community with contracting the disease this week.

**PLENTY OF PALMS**  
 Wholesale florists in the Pittsburgh district have given assurance of a plentiful supply of palms for Palm Sunday services. Although a shortage had been reported in midwest cities because palm shipments had been sidetracked to clear the way for movement of war materials, Pittsburgh dealers said large shipments of palms had been received there from Florida.

**TIME GROWING SHORT**  
 County Registrar E. E. Lindmark today warned again that voters must be registered before April 19, and that change of address cards must be returned to his office before April 10. Lindmark stated that many voters had neglected these duties up to now, and that there will be no extension of time if they fail to complete obligations before the deadlines.

**OLDEST PRINTER**  
 Michael J. Kellogg, 82, retired Bradford printer and oldest member of the International Typographical Union in Bradford, died of pneumonia last night. Kellogg, a flower hobbyist, was stricken ill March 19 while working in a garden. A native of Carthage, N. Y., he went to Bradford at the age of 27 and later became foreman of a job plant operated by the Evening Star, and afternoon daily. Subsequently he worked on Bradford newspapers, serving part of the time as foreman of the Star's composing and press rooms. He retired in 1939.

**SERVICES OFFERED**  
 The Work Projects Administration in Harrisburg today offered its facilities to Pennsylvania farmers in an effort to ease the labor shortage threatening the Food for Freedom program, according to an Associated Press dispatch. State Administrator Richard Irvin announced completion of extensive preparations to make men on WPA rolls available for help with crops. He invited farmers to apply to county WPA offices for assistance.

**MAGNETIC STORMS**  
 A group of magnetic storms on the face of the sun has been increasing in size and is about ready to "bombard" the earth with a shower of electrical particles, according to F. S. McGary, manager of Buhl Planetarium at Pittsburgh. He said this may be the strongest bombardment of electrons in many decades and possibly a much stronger one than occurred last September 13 when the aurora borealis caused radio and telephone communications to go haywire over most of the earth.

## Sizing Up the Enemy's Troops

Japs captured on Bataan are some five inches smaller and 18 pounds lighter than average U. S. draftee. Even with 10 times as many on their side, the little yellow men have failed to seize the Philippine stronghold from sturdy American defenders.

## Hits \$-Year Men

Robert Guthrie, former dollar-a-year chief of WPB's clothing and leather section, hands a House military affairs sub-committee his reasons for resignation. He charges many dollar-a-year men impeded industry conversion by mixing business connections with government obligations.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

**This Old Treatment Often Brings Happy Relief**  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or steady passages with a burning and stinging sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## BENEFITS SHOW INCREASE FOR WARREN COUNTY

Keeping pace with the state-wide progress of the program, old-age and survivors insurance monthly benefits in Warren county were more than doubled in 1941, the second full year of operations on monthly benefit paying basis, it was announced yesterday by Bernard A. Farabaugh, manager of the Erie office of the Social Security Board, on the basis of figures released from the office of William L. Dill, regional director at Philadelphia.

Monthly payments amounting to \$4496.00 were being made to 245 men, women, and children in the county at the end of 1941. At the end of 1940, there were 105 beneficiaries receiving \$1934.57 a month. The rate of payment, Mr. Farabaugh pointed out, has increased to \$53,952 a year. The figures do not include lump-sum payments to persons not immediately entitled to monthly benefits.

The Warren county payments were broken down by Mr. Farabaugh as follows: 131 retired workers, age 65 or over, \$2929.00 a month; 55 wives (age 65 or over) of retired insured workers, \$657.00 a month; 13 young widows with dependent children under 18, \$249.00 a month; 41 dependent children (under 18) of retired or deceased workers, \$504.00 a month; and 8 widows, age 65 or over, of insured workers who have died, \$156.00 a month.

Monthly payments are made also to dependent parents, above age 65, of insured workers who die without leaving a widow or dependent child who might subsequently become eligible for monthly benefits, Mr. Farabaugh explained.

These insurance payments, Mr. Farabaugh said, are based on the worker's average monthly wage and his period of coverage in the old-age and survivors insurance program. Widows receive three-fourths of the monthly benefit of the worker on whose account they are claimed; wives receive one-half as much as their husbands; children and parents also receive one-half the monthly benefit of the worker whose insured status made them eligible.

## YOUTH SURVEY IS SUBJECT OF PLEASING TALK

At the weekly luncheon meeting of the Warren Kiwanis Club, held yesterday noon at the Carver Hotel, members enjoyed a very interesting talk by Calvin Hall, Boy Scout executive, on the results of a survey conducted among youth of Warren to determine their activities.

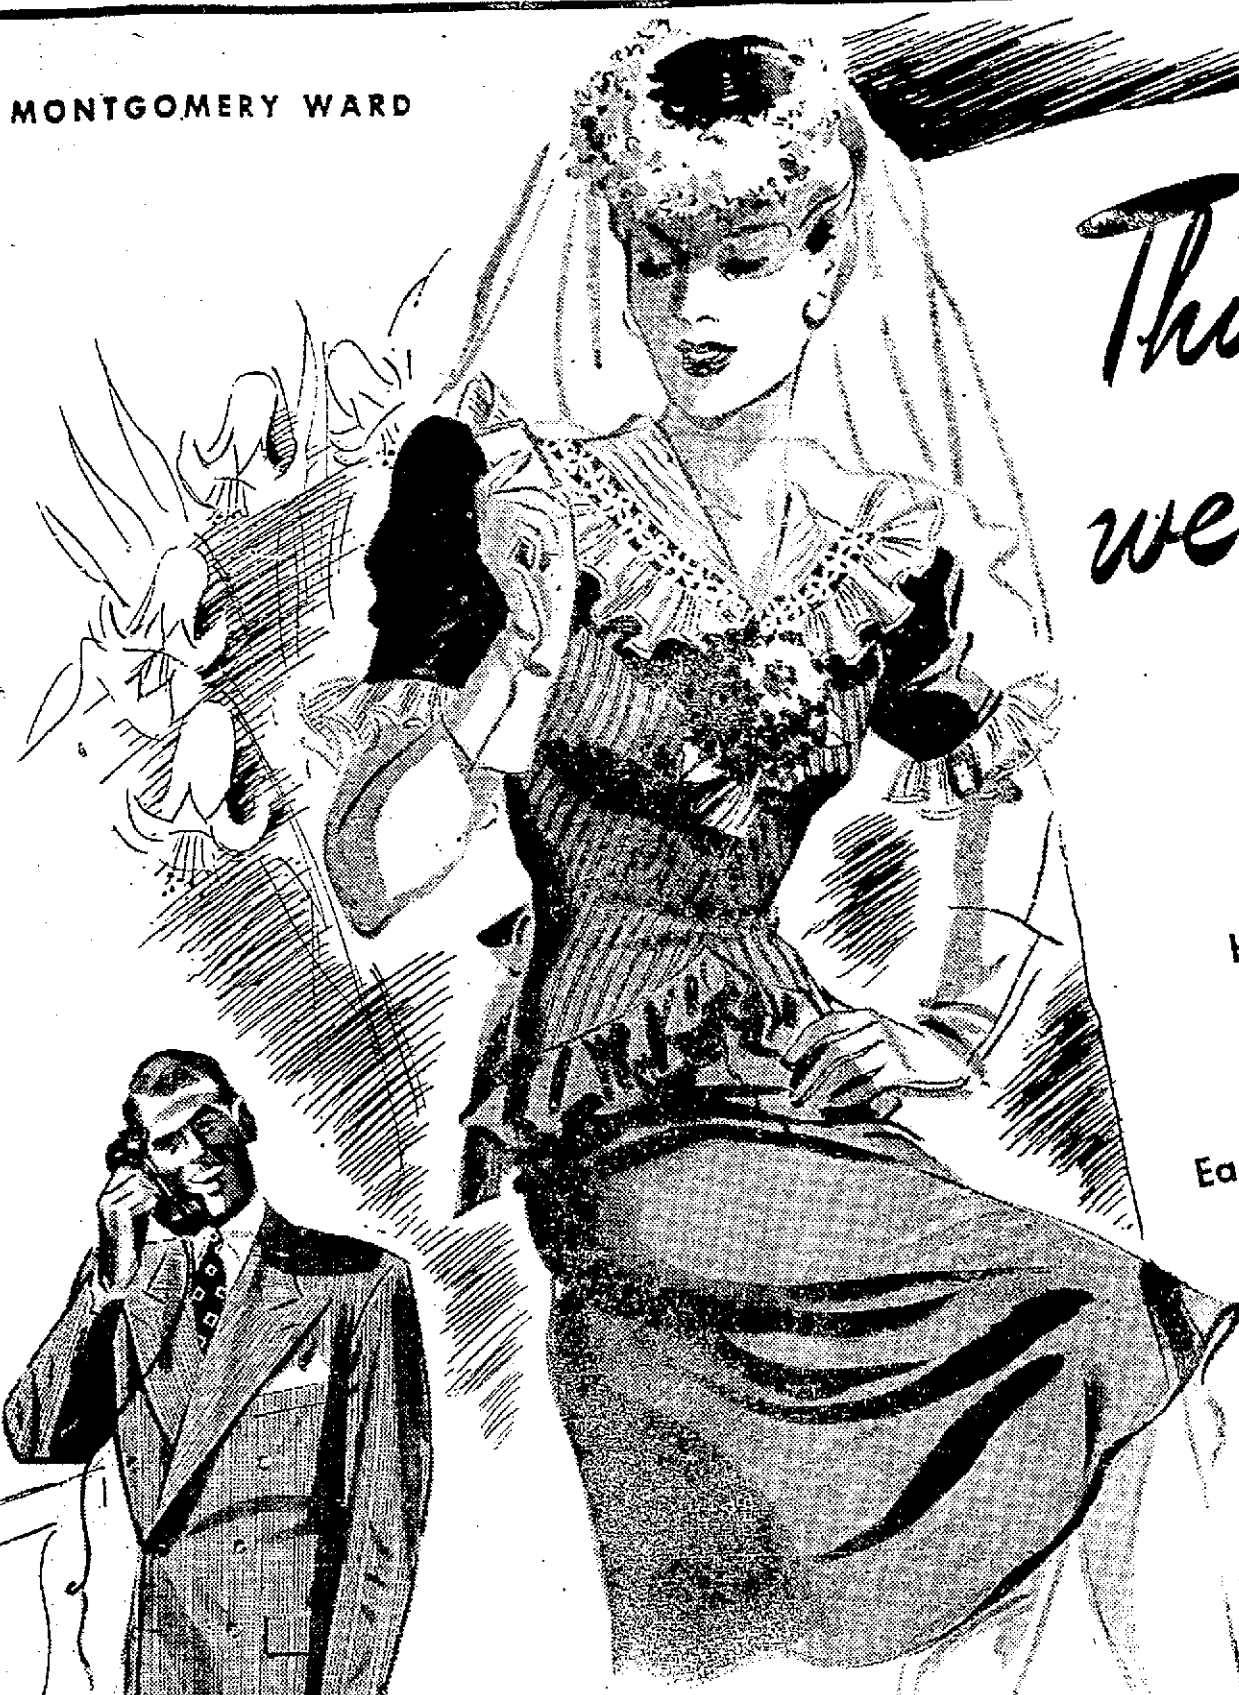

According to his information, boys and girls who participate in activities of the Y. M. C. A., Y. W. C. A., Boy Scouts, Girl Scouts and school clubs have a much better record than those who do not. Mr. Hall was introduced by Earle Flohr, chairman of the Kiwanis program committee.

It was announced that members of the club would attend the Holy Week service at the First Presbyterian church next Wednesday noon in a body, going from there to the Carver Hotel for lunch at one o'clock.

Addison White, Neal Gleason and Roy Guignon were appointed as sergeants for April by President Harold Baker. Guests at the meeting were Nelson Woodward, of Jamestown, and Don McEwen, of Kane.

### Bradford Youngster Is Anxious to Join Uncle Sam's Forces

Twelve-year-old Jerry Stack, of Bradford, realizes he is a little young to get into the army, but he wrote anyway, letting it be known he can shoot well and knows the commands. The following letter went to the army's Third Corps Area headquarters at Baltimore: "Dear Sir: Do you think they will take me in the army? I can shoot well. I know the commands from the 1918 drill book. I have

always wanted to join the army. I know you are busy but would you write me a letter or something that I can keep until I can join, because I am only 12 so I can not join yet. "Yours, till MacArthur falls."

## SHOW BOAT GIRL By ROBERTA COURTLAND

### CHAPTER 16 "She Ain't For You"

THEY had reached a small cabin at the end of the lane. It had a neat little garden in front, filled with late marigolds and zinnias and four-o'clocks. As they swung open the gate in the little picket fence, Jimmy explained the cabin's being a little different from others in the double row.

"Mam' Cindy was my grand-mother's nurse and my mother's. She was too old to look after me when I came along, but she supervised the 'mighty young thing' who did! She's almost ninety and when she became too old to work, Dad retired her, gave her a deed to this little plot of ground and her house and a pension. It makes her feel very rich and independent and important—far more so than when, during the Civil War, she was given her freedom, along with the other slaves at Emancipation."

As they came up the neat little brick walk the door of the cabin opened and a young colored girl of perhaps eighteen or nineteen, neat and clean in her Sunday best, stood shyly aside to greet and welcome them.

"Hello, Lily," said Jimmy smiling. "How's Mam' Cindy today?" "She right po!" Marse Jimmy, thank you, sah," answered Lily, with a flash of white teeth in a shy, excited smile. "But she feel betteh directly she know you come to see her."

A frail voice from inside the cabin inquired, "Who dat?" "Hit's Marse Jimmy, Mammy," answered Lily.

"Then make yo' mannehs, gal, and show Marse Jimmy in," ordered the frail old voice sternly. "Please to come in, Marse Jimmy, suh—and yo' lady," said Lily eagerly.

Jimmy stepped across the threshold into the little cabin, with its whitewashed walls, its big stone fireplace above which a split log formed a mantel-shelf decorated with a fluted white paper frill. On it there were three photographs in frames that were made of pine-cones laboriously glued to cardboard.

In a corner there was a huge bed, covered by coarse but spotless sheets and a patterned counterpane so white that the tiny old Negro woman who lay against the pillows looked like a little old monkey. A snowy "head-rag" bound her head, and beneath it her face was crumpled and black and incredibly wrinkled. Claw-like hands waved feebly as Jimmy came in, and the crumpled old face was touched by a radiant smile.

"De Lawd bless me effen hit ain't mah lil' Marster," she greeted him joyously, and her eyes went to Melissa. "Who dat you bring to see ole Cindy, Marse Jimmy?"

"A very beautiful lady, Mam' Cindy, who wants her fortune told," said Jimmy. "That is, if you feel strong enough." "Mam' Cindy nodded her old head. "Don't take no strench to tell a fortune fo' a pretty lady lak' her, Marse Jimmy. She gwine make a lot o' men-folks sad 'case she ain't gwine be able to 'mav' mo' dan one ob dem—an she gwine be happy 'case she got it. Ole Cindy see dat much, see. And she is mos' blind," she said, and held out one of the claw-like black hands. "Lemme see yo' hand, Missy—Jemine see kin Ah tell whut gwine happen—"

### The Prophecy

MELISSA put her hand in the old woman's feverish grip and Mam' Cindy peered at the line in Melissa's palm with a black finger tracing the lines. Then Cindy looked up at Jimmy, frowning, puzzled.

"She ain't fo' you, Marse Jimmy," she said almost grimly, and Melissa saw Jimmy's jaw set a little. "She gwine have a lot of trouble, she gwine weep an' mourn, but she gwine fin' herself in de arms ob de man she love mo' dan anythin' in de world—only dat man ain't gwine be you, Marse Jimmy."

To her surprise Melissa saw that the words made Jimmy angry. But he controlled the emotion and said lightly and firmly, "I've heard you tell a lot of fortunes, Mam' Cindy, but that's the first time I ever heard you miss out entirely. Of course she's going to marry me—"

Mam' Cindy nodded, and a look of sorrow touched her tired old eyes. "Yo' was always lak' dat, Marse Jimmy—always a settin' 'bout hear on somethin' dat warn't meant fo' you, and tryin' to tear de place down when you couldn't get it." "And I've never learned any better, I, Mam' Cindy?" said Jimmy, and managed a grin. "But as long as she's not in love with nobody else—"

Mam' Cindy sent a dark look after Melissa, who was on the little cabin porch now, and said grimly, "Who sav she ain't in love wid nobody else? Who says dat—hes!" Jimmy looked startled. And then he brightened and said lightly, "Well, don't let it worry you, Mam' Cindy—just take care of yourself and be happy."

the late afternoon sunlight. Before they reached the terrace they heard laughter and voices and Jimmy scowled, his jaw tightening as he led Melissa up the steps from the garden to the terrace where half a dozen people now sat with Mr. and Mrs. Marston.

There were two very pretty girls, an older woman and man and two young men.

One of the girls, whose shining dark hair was swept up from her forehead in an extreme but very becoming hair-do, looked at Melissa with cold, smoky gray eyes and said accusingly to Jimmy, "I'm still furious with you for being late to dinner last night, you heel!"

"Honey, how many times must I apologize? And didn't I buy you orchids to make amends?" protested Jimmy, grinning a little, and with a look in his eyes that told Melissa he was flattered at the girl's insistence on her grievance.

"Orchids, yes—and very pretty!" said Honey. "But just the same, I waited forty-five minutes for you—and I don't like young men who forget their dates—do you, Melissa?"

She turned so suddenly and unexpectedly on Melissa that Melissa didn't have an answer ready.

Insult

THE older woman, a Mrs. Humphreys who seemed to be Honey's aunt, had been eyeing Melissa with a strange intensity, and now she said suavely to Mrs. Marston, "Anne, you didn't tell me you had a house-guest. You must let Honoria and me entertain for her."

"Oh, Melissa's not a house-guest," said Mrs. Marston gently. "She's just spending the day with us."

"Oh," Mrs. Humphreys' eyebrows went up a little. "Then you're visiting in the neighborhood, Miss Marlowe?"

"No," said Melissa quietly. "I am working in the neighborhood—on the River Queen."

"What!" Mrs. Humphreys' eyebrows really jerked upward now, and she looked startled. "Working? The River Queen?"

Honey said, a little chuckle in her voice, her eyes acid with malicious amusement, "It's a night-club, darling—a show boat night-club and gambling den. What do you do, Miss Marlowe—deal faro or handle the dice table?"

The whole atmosphere, which had been so warmly friendly, so gaily intimate, was suddenly hostile.

"Miss Marlowe is a singer," said Jim Marston, unexpectedly coming to Melissa's rescue, "and a very good one, too. You must hear her. Sarah—you'd enjoy it."

Melissa said quietly, above the pain and embarrassment that suddenly swept over her, "I think perhaps I'd better go—it's getting late. Thank you, Mrs. Marston, for a lovely day."

"I'll get the car," said Jimmy suddenly.

As Melissa stood at the steps, around the corner of the house from the terrace, waiting for Jimmy to bring the car, she could not help hearing Mrs. Humphreys' rather high voice saying accusingly, "What! I must see Anne Marston expected to meet that sort of person in your house?"

Melissa held her breath. Mrs. Marston had been so kind and friendly and pleasant—surely she would defend Melissa against that stinging remark. Instead Mrs. Marston's voice, cool, amused, disdainful, said, "My dear when you have a grown-up son on your hands, 'most anything can happen!'"

### WORLD WAR NAVAL LOSSES

The United States lost 1150 lives in naval actions and sea disasters during World War I, between April 6, 1917, and Nov. 11, 1918. Five transports and 43 other vessels were lost from various causes during the same hour. Of these 48 vessels, only 14 were sunk by U-boats.

### HELIUM AND COSMIC RAYS

Helium gas is not inflammable, although it is derived from hydrogen, a highly inflammable gas. Einstein explained the loss of weight of the helium atom as being due to radiation, and the loss is said to go into the making of the mysterious cosmic ray.

### FIRST U. S. BREWER

The first brewer in the United States was not of German-American origin, as is commonly supposed. He was a Scotsman, and became one of the country's largest producers.

**LEGION AUXILIARY**  
At the regular meeting of the American Legion Auxiliary Tuesday evening, following a tureen dinner, announcement was made that the rummage sale scheduled March 26-28 has been postponed to April 23-25. It was voted to hold but one meeting next month, that to be April 28, because of attendance of officers and members at a dinner dance given in the Hotel Emery in Bradford on April 14 to honor Dr. L. J. Kasinsky, national officer of the 40 and 8.

A letter was read concerning a national essay contest on "Characteristics of a Good American" and Mrs. Richard Hansen, local chairman of Americanism, was appointed to judge essays from the Inter-county Council units. It was announced that Red Cross sewing will be resumed and continued each Thursday under the supervision of Mrs. K. W. Davis.

**WOMEN OF MOOSE**  
Senior Regent Hilda Anderson conducted the meeting of Warren Chapter 693, Women of the Moose, held Wednesday evening in the lodge rooms. Three new members were initiated upon, Myrtle Dickson, Louella Nelson and Aletha Richardson, and a new member, Delphina Templeton, was obligated into the order. Attendance awards went to Esther White and Rhea McTier.

Mrs. Florence Stites presented a "chapter night" program, with group singing, solos by Deanna Teemley and a talk by Mrs. Stites on social service and social security. She was assisted by the following committee in serving refreshments: Mary Kirberger, Romaine Hammerbeck, Esther Beach and Margaret Kuhn.

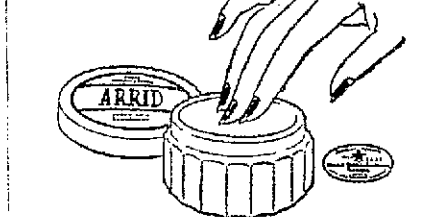

The next meeting will be April 8 with the junior regent, Mary Teconchuk, in charge of the supper arrangements.

**GO TO PLAY**  
Among Warren people who saw "My Sister Ellen" in Jamestown last evening were: Mrs. Magno de Carvalho, Miss Romaine Meacham, Mrs. Joan Hoyer, Mrs. Lester Blair, Mrs. Robert Kopf, Mrs. Charles Blackman, Miss Ann Walker, Mrs. William Rice, Miss Genevieve McMahon, Miss Evelyn McMichael, Mrs. Jessie Davidson, Mr. and Mrs. Howard Kay, Mr. and Mrs. Harland Rue and Mr. and Mrs. Creed Erickson.

## SHEFFIELD GIRL IS INJURED IN FALL FROM CAR

Sheffield, Mar. 26.—Miss Ardy's M. Ryberg, 22, daughter of Mr. and Mrs. Clifford Ryberg, of this place, is a patient in a Painesville, O., hospital with injuries she received about 6 p. m. Monday when a door of an ambulance in which she was riding accidentally came open and she was hurled to the pavement.

The full extent of her injuries had not been determined yesterday when her father visited the hospital, where he was advised that indications are that the injuries are not critical.

The accident occurred a few miles east of Painesville. The ambulance, from Ridgway and driven by a man from that place, was conveying a Ridgway patient to a clinic in Cleveland, and Miss Ryberg, a registered nurse, was accompanying the patient as attendant.

**FIRST AID CLASSES**

In connection with the civilian defense program here, two classes of 25 members each have been organized and are receiving instruction and training in first aid. The course being given is the regulation, 20-hour course prescribed by the Red Cross and the instructors are Drs. Robert L. Taylor and Harry W. V. Beale. The school is being conducted in rooms on the second floor of the Sheffield National Bank building, with one class meeting on Wednesday and the other on Thursday evenings.

**PERSONALS**

## PRICE SUPPORT FOR GROWERS IN WARREN COUNTY

Warren county's commercial potato growers may look forward to a base price of between \$1.35 and \$1.40 per 100 pounds, it has been indicated under the U. S. Department of Agriculture's program for supporting prices for the 1942 crop.

The announcement came from the State Agricultural Conservation Committee as it moved to carry out the plan designed to assure an adequate supply of potatoes for all purposes.

The program is intended to encourage growers who cooperate in the Agricultural Conservation Program to plant their full potato acreage allotment. It also is aimed at preventing waste of materials needed for other commodities for war purposes.

With the national potato acreage allotment for the year set at 3,060,000 acres and that of Pennsylvania at 84,844 acres, Warren county is expected to produce between 550 and 600 acres for commercial sale.

A price support, available to those growers who plant between 80 and 110 per cent of their acreage allotments will be provided in each of the major producing areas at scheduled base prices for potatoes grading U. S. No. 1 or better, sacked F. O. B. in cars.

Prices will be supported through purchases for relief distribution under the stamp program, diversion to starch and livestock feed and loans or purchases by the Community Credit Corporation.

**STATE FAIR CANCELLED**

There'll be no New York State Fair at Syracuse this year as a result of a request by the War Department, which has military uses for the 267-acre fair ground. Cancellation of the 102-year-old exposition was announced by Fair Director Paul Smith, following arrival of an Army Air Corps contingent which is to be stationed at the fair grounds before transfer to the Rome air base. The fair had been scheduled for Aug. 30 through Sept. 7.

**JUVENILES ARRESTED**

One girl and two boys, all of high school age, were arrested yesterday by the local police department, bringing to a climax two individual cases of robberies. The girl was arrested on a charge of a series of petty robberies in rest rooms throughout the borough, while the two boys were charged with breaking into a home late last fall on Conewago avenue and taking several valuable articles. Because of their ages, the police department did not disclose their names.

## RISE IN PRICE OF GASOLINE TO AFFECT WARREN

Motorists in Warren and vicinity, in common with those throughout 17 east coast states and the District of Columbia, will pay a half cent more per gallon for gasoline within the next day or two as a result of authorization by federal authorities for a price raise to compensate for the higher transportation costs resulting from tanker sinkings.

L. M. Whiteshot, president of the Warren County Petroleum Dealers Association, said this afternoon that local gasoline stations are awaiting word from their distributors before boosting the price.

Under the new price motor gasoline will retail for 19.8 cents and premium grades at 20.8.

The increase of a half cent in tank wagon gasoline prices was approved by the Office of Price Administration last night. Four-tenths of a cent per gallon was added on light house fuel oils for household use and 20 cents a barrel on the heavier fuel grades used by industry and shipping.

States affected are Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, and Florida east of the Appalachian river.

Filling stations will pass the gasoline price increase on to consumers, except in Georgia and Florida.

## Number Dead May Reach 32

(From Page One)

About 30 bungalow-type houses a half mile from the plant and tenanted by employees were badly damaged, but apparently none of the occupants was injured.

Lewis G. Hines, state secretary of labor, announced at Harrisburg, Pa., that a prompt investigation would be made.

Fifteen state troopers were assigned to the area and two FBI agents were dispatched to the scene from Philadelphia.

## Vote of Rejection Does Not Bar Governor's Appointees

(From Page One)

The two-thirds majority necessary for confirmation.

The governor adopted the policy of keeping such nominations as Col. Lynn G. Adams, state police commissioner, in committee and reappointing him after the end of each session of the general assembly.

With the legislature adjourned until Monday, Senator Charles H. Early (R-Somerset), said he had prepared a resolution to end the special session next Thursday.

He withheld presentation of the resolution until Monday.

The house also decided yesterday on a four-day schedule next week with a view to adjournment but the actual resolution has not been drafted.

The assembly still has about a dozen bills to consider in its plan to remedy one by one the laws hindering the state's war program. Governor James asked for broad authority to suspend or modify such laws but the legislators objected.

## Both Parties Assured Heated Primary Fights

supreme court; and Judge Joseph Stadfield, Pittsburgh, superior court.

David L. Lawrence, Democratic national committeeman, said he would actively support the Ross slate. The auditor general asserted he would name a campaign manager soon and set up headquarters in Harrisburg.

## CENSORSHIP CLAMP

London, March 26.—(AP)—An official spokesman announced today there would be stricter censorship on press dispatches leaving Great Britain. He said this action was being taken in response to concern in some quarters over allegedly "irresponsible and exaggerated messages" sent from London in recent weeks.

## UNCLE EF

Here's a question on that New Wages and Hour ruling which says that the boss has to pay the employee for five minutes' time at the start and end of the day if he changes in his clothes in the plant. What happens if he's a slow dresser—does he get overtime or go home naked? That ought to be a big item of concern for the boys with General McArthur, who probably haven't had their clothes off for weeks.

# War Sweeps Into Jungles of Australia's New Guinea

War shattered the paradise of head-hunting, spear-throwing, cannibalistic natives in the practically impassable interior of New Guinea when Jap invaders plunged through its volcanic mountains and swampy jungles. Map portrays the difficult terrain of the Australian mandated section of the island, into whose high, cool mountainous regions the white man only in recent years had dared to venture in search of hidden gold and other untapped resources.

## CHILDREN FROM HOFFMAN HOME WRITE LETTERS

Through the courteous efforts of Mrs. L. C. Jordan, probation officer and commissioner of the county, and the V. F. W. Post 681, which has a fund for such affairs, the children of the Hoffman's Children Home were given an opportunity last Saturday afternoon to see Walt Disney's clever production, "Dumbo," when it played on the Library theatre screen.

The children were taken to the theatre by a special bus, due to the fact that the weather was bad and did not allow the group to walk. It had been planned, and for this added thrill of a bus ride to the local cinema plus an enjoyable afternoon in watching the heart-tickling Disney production, several letters have been received this week at the V. F. W. and at Mrs. Jordan's office from the children, in appreciation of everything done for them.

Most letters agreed that the picture was one to steal the hearts of children, but the little writers were slightly disappointed when Dumbo, in the picture, was not allowed to see his mother, who had been cast into bonds in a special circus car.

Nevertheless, all of the letters received from those sponsoring the charitable program that those who benefited by it really did appreciate every minute and their efforts were rewarded by this fact.

## TIMES TOPICS

## TODAY'S ANATOMY LESSON: Axis "Rattlesnake of the Deep"

By NEA Service  
The cutaway diagrammatic sketch, above shows a German submarine of the larger type now operating off the Atlantic coast. These boats have enough fuel capacity to cross the ocean, stay in action for a week or ten days,

and return to their base, though it is possible that some of them may be refueling at a secret rendezvous on this side of the Atlantic. Displacing nearly 800 tons, these submarines carry a crew of 40 and have four torpedo tubes forward and two aft.

The sketch below shows one way a submarine stalks a victim. After sighting the prey and watching it for a while, the U-boat commander calculates the course and speed necessary to bring him into the best position for attack. Then he submerges to 100 feet or less, makes a "blind" approach toward the victim, cautiously breaks water with his periscope, takes final aim, and fires one or two torpedoes. He may surface to watch the effect of the attack or dive for a quick retreat, depending on whether or not the ship is armed.

"The Giant's Causeway" is a basaltic formation in Ireland.

"Bailey's Beads" is a phenomenon seen during solar eclipses.

New York City has an area of 299 square miles.

The orbit of the earth has a diameter of 185 million miles.

## NO FREE SEEDS FOR GARDENERS BEING PLANNED

Neither the state nor the federal government has announced any intention to distribute free vegetable seeds to Victory gardeners. E. W. Johnson, chairman of the Warren county Victory Garden Advisory Committee, announced today in answer to many inquiries. In certain localities, charitable or service organizations have undertaken to purchase and distribute seeds to needy families who have access to suitable land for gardening. When such organizations furnish garden supplies for needy families, Victory Garden Committees stand ready to assist families with information about gardening methods and with as much capable supervision as is volunteered by qualified persons.

It was stated also that the War Production Board has issued orders permitting garden tool manufacturers to produce four per cent more hand garden tools than were produced in the same factories last year. Garden tools, therefore, even though the year's supply is slightly larger than it was last season, should be bought with a view toward making them serve as much use as possible. Ready-mixed complete chemical fertilizers will be sufficient for all expected new or enlarged gardens. Nitrate of soda, popular for scattering on the surface, between rows of crops, is being rationed to fertilizer dealers on the basis both of the supply available for civilian use and the commercial vegetable or fruit crops grown in the locality. Very little if any of this fertilizer will be available for Victory gardeners in most localities.

## SEAGOING MOSQUITOES: They Sting And Scat Right Quick

OPEN season for U. S. Navy's dangerous mosquito boats began Dec. 7. First two Japanese vessels to feel their stings lie now at the bottom of Subic Bay in the Philippines. Rubber padding, handy grab rails, heavy life preservers, multiple machine guns for anti-aircraft and surface vessels protect the daredevil crews. Tremendous speed, high maneuverability and four torpedoes make them deadly offensive weapons.

## Schussler Rolls 625 Series In Struthers-Wells League; Trevenens Lead Team Scores

Only one 600 total was registered on the town's bowling lanes last night, as scores dropped off considerably from early week performances, mainly due to the fact that slower leagues, with less experienced bowlers, were putting on the performance last evening.

Bob Schussler rolled a 625 series at the Arcade in the Struthers-Wells League to lead the Foremen B to a three-point conquest of the Engineers, and Harry Wooster knocked out a 598 total in the same circuit as the Foremen A added up 2800 pins to take four from the Heaters.

The Machine Shop won three points from the Sales Department with a meek score of 2367, while the best team total in the Struthers-Wells league was 2800 rolled by the X-Ray Department who stopped the Plate Floor for three points.

Pat Harvey led individuals at the Elks Club with 593 and also paced the attack of the Penn Furnace to a three-point triumph at the expense of the Pontiacs.

The Times-Mirror turned in the best team performance of the night, getting 2477 and taking all four points in their match with Simonsens. El Hildum leading the way with 507.

Cochrans took three from the Deuce Metal, and Newells hit only 2378, but that was enough to clinch three in a match with the Fords, who bowled only 2171.

Meanwhile, at the Conewango Club the best team total around the community was posted as the Trevenens dropped the Bjers in a four-point victory. Chuck Young added 213-170-202 for a 585 total to lead the way. The Bjers knocked off 2508, and still were better than 200 pins back at the finish.

Honor roll scores: At Arcade—

Turner 216, H. Wooster 245, Kn. Patchen 215, Schussler 245; at Elks—Harvey 210, Cameron 210; at Conewango—Young 213.

### Lander High Lassies Top S-W Office Girls

Lander High school's lassies hung up another basketball victory last night, denying a bid for triumph offered by the Struthers-Wells Office Girls team in a game played on the Lander court.

Betty Nelson, Lander forward, scored 16 points for the winners, with Dorothy Ward and Polly Rowland sharing honors for the losers.

Other high school girls playing included: Stanton, Clark, N. Mills, Day, M. Wills, Hitchcock, Head, Cowles, Olmstead and Alabaugh.

Other business girls playing were: DeLong, McFarland, McGarry, Benbenek, Peck and Ton-

## INDOOR TRACK MARKS BROKEN AT COLISEUM

New York, March 26—(U.P.)—A hall manager's pique helped create six world indoor track records last night and a pair of head colds kept Leslie MacMillan and Greg Rice from crasing marks in the mile and two-mile runs, respectively.

Tex O'Rourke, manager of the Coliseum, offered free use of his hall for a track meet after a coach, in an unguarded statement at the Metropolitan College games in January, said that the Bronx nine-lap, oil-splattered boards weren't as "fast" as the 11-lap track in Madison Square Garden.

More than 3,000 spectators came out to see the "debate." Roy Cochran, formerly of Indiana University; John Borican of Asbury Park, N. J., the Seton Hall College two-mile relay team and the Georgetown University one-mile foursome gave plenty of proof that O'Rourke's ire was justified.

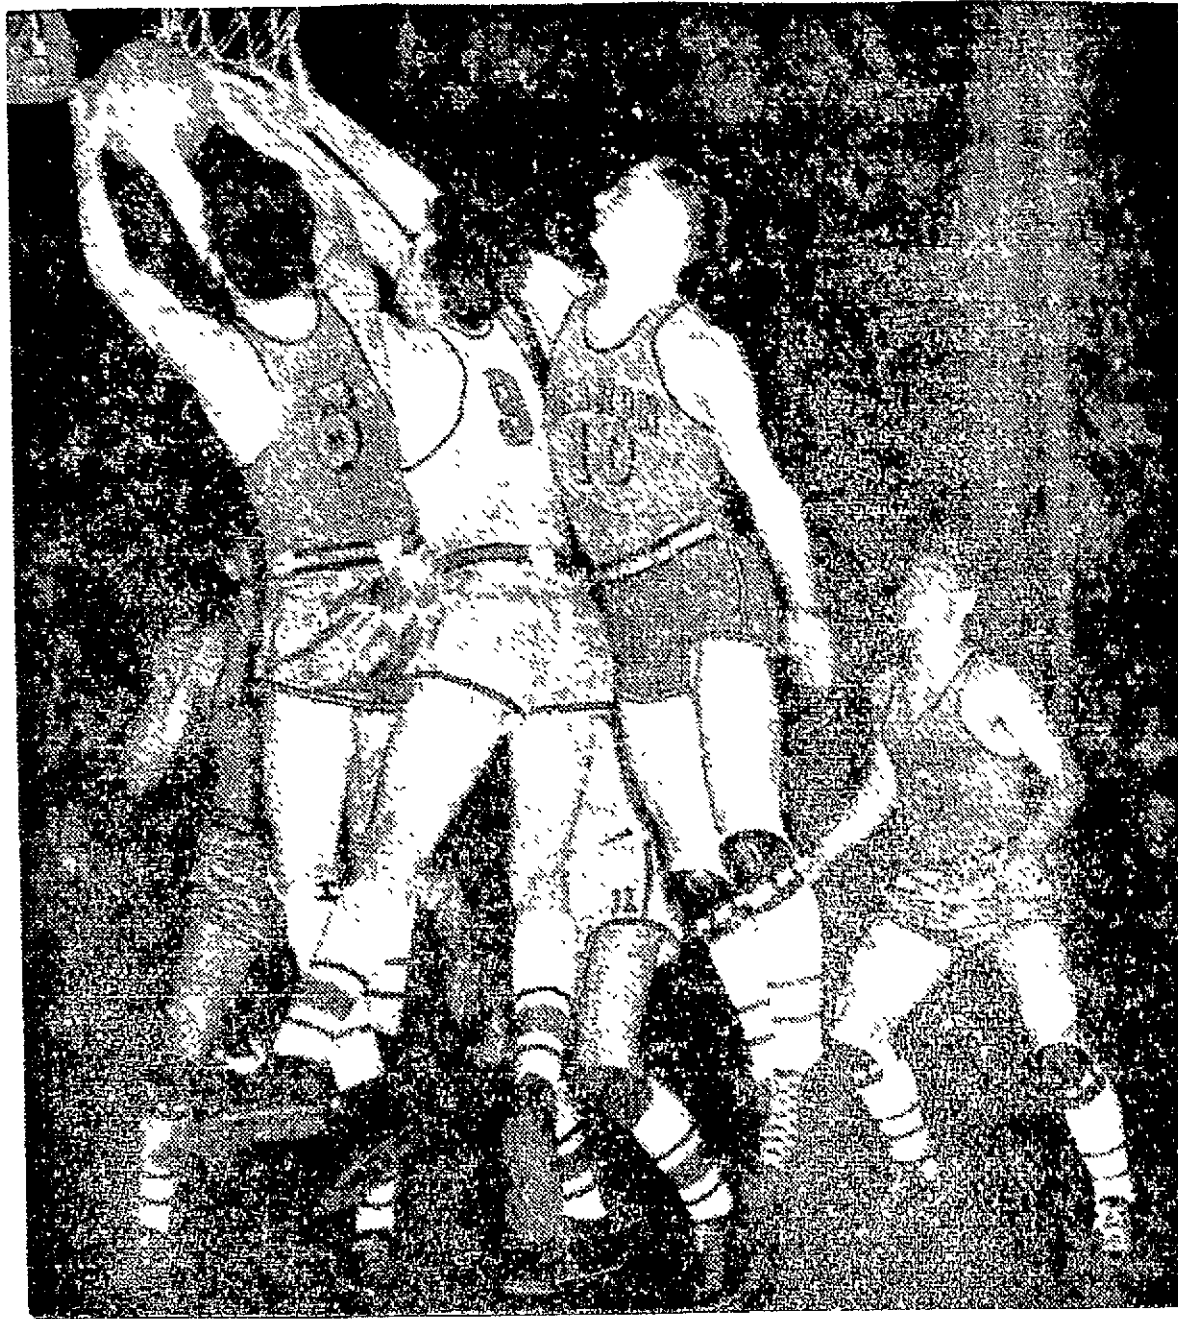

Cochran, now representing the Great Lakes Naval Training Station, opened the six-event program staged for the benefit of the Navy Relief Society by tearing through 440 yards in 18.2 to shave one and one-fourth seconds from the mark Thomas Halpin of Boston set in 1913.

MacMillan defeated Gil Dodds of Boston, by six yards in a 4:07.5 mile although he ran with his head so stopped up with a cold he suffered a half hour nose-bleed after the race.

Rice's cold made it almost impossible for him to speak but he centered 18 times around the oval in 8:52.9 to win by 90 yards.

Manager O'Rourke, satisfied that his track is as fast as any, will turn it over to the midwest auto racers again this weekend.

### Long Shot Captures Invitation Tourney

New York, March 26—(P)—West Virginia, the team that was seeded last in the National Invitation Basketball Tournament, today owned the championship, the most valuable-player award and three places on the tourney's all-star squad.

The Mountaineers staged a sparring second-half rally last night to down Western Kentucky State, 47-45, in the final game after having eliminated such stalwarts as Defending Champion Long Island University and high-scoring Toledo University along the way.

Western Kentucky, seeded only a notch above West Virginia in the starting field of eight, upset City College of New York and Creighton University to gain the finals.

In the 40 years between 1900 and 1940, the United States produced 1,377,000,000 net tons of steel ingots.

An Austrian invented a playing card that cannot be bent, marked, pierced or soiled.

## FEW WAGERS ON SIMON AGAINST BROWN BOMBER

New York, March 26—(P)—The more or less exclusive Broadway betting shoppes were convinced today that wagering has been placed on the priorities list for Joe Louis' 21st defense of his heavyweight championship against Abie the Ample Simon in Madison Square Garden tomorrow night.

For, if all the bets on this "Anybody Can Beat the Champ" fight were placed end to end, there wouldn't be enough to buy a ticket on Man O'War to show in a three horse field. As the 48th street beachcombers put it, "you can't get action when Louis is a zillion to nothing," a zillion being the beachcombers' top figure.

The scale of prices on Simon's staying-around possibilities, once they turn Louis loose on him at 10 p. m. tomorrow, runs from money that Abe is able enough to answer when the bell rings for the sixth round, all the way to 5 to 1 that Louis can apply his usual dose of ether anywhere along the line before the 15 rounds run out.

### TRAINING CAMP BRIEFS

By the Associated Press  
San Bernardino, Calif.—Ralph Kiner, 20-year-old pitching rookie with the Pittsburgh Pirates, is expected to go back to the minors next month.

Ordered by Frankie Frisch to run around the field, the youngster looked at his frayed shoes and asked: "What am I going to do for a pair of shoes when I join Albany if I run myself barefooted here?"

St. Petersburg, Fla.—The New York Yankees, who have been conceding their punch all spring, get their first peek today of the Boston Red Sox, one of the clubs expected to push them in the coming American League race. Right now the Yankees have only one 300 hitter—First Base Rookie Ed Levy.

Anshelm, Calif.—Playing in his first game this spring, Frankie Hayes, regular catcher for the Philadelphia Athletics, declared his injured leg felt fine all the way. "The very happy that it is so strong," he said. He underwent an operation on the limb during the winter.

Miami Beach, Fla.—The Philadelphia Phils were called out to the baseball orchard early today, their punishment for getting only three blows in yesterday's encounter with the New York Giants.

### SPORTS ROUNDUP

BY HUGH FULLERTON, JR.

Wide World Sports Columnist—New York, March 26—(P)—Eight men were in the running as the 40th annual North and South Open Golf Championship swung into the 36-hole finals today but the money was on golf-don's big four. Battling Ben Hogan of Hershey, Pa., Defending Champion Sammy Snead, Open Champion Craig Wood and Byron Nelson, former Open and P. G. A. king.

Hogan, seeking top money honors for the third straight year, was deadlocked with Chandler Harper, Portsmouth, Va., veteran, for the lead at 135, nine shots under par.

Here's the way the others shaped up behind them:

Les Kennedy 68-70—136; Wood 69-69-138; Snead 67-71—135; Lloyd Mangrum 69-69—138; Jimmy Hines 71-67—135; Nelson 69-70—139.

From high jumping to high flying was a natural leap for Joyn Parson, former Villanova athlete who recently received his second lieutenantcy after graduating with the first class of cadets at Foster Field (Tex.). But we can't figure out any such connection for Connie Anderson, former national doubles sculling champ, from Philadelphia, who is an air corps sergeant in Puerto Rico. Seems soldiers like golf, too. ## WAR BULLETINS FAIL TO STIR BIDDING PULSE

New York, March 26.—(P)—Renewed weakness of some blue chips tended to chill buying sentiment in today's stock market. Slightly irregular trends were present at the start and, with dealings still sluggish, fractional declines were in the majority near the fourth hour. Losses ran to 3 or more for scattered issues. Fears of taxes, price controls, priorities and possible drastic profits limitations for corporations received the principal blame for the further waning of the bid. Nothing much was discerned in the war bulletins to stir the bidding pulse.

Selected rail bonds resumed the rise interrupted Wednesday. Among commodities cotton futures exhibited strength. Spot softs in the stock division included Norfolk and Western, American Telephone and Chesapeake and Ohio, all of which posted new year's lows. Behind most of the time were General Motors, Chrysler, Bethlehem, Woolworth, Douglas Aircraft, Eastman Kodak and Westinghouse.

## Situation in Battle Of Burma Growing Even More Critical

(From Page One)  
India with Britain, and declared the seizure put Japan "within dangerous striking distance of vital British military bases at Calcutta, Madras and Ceylon."

The islands, in the Bay of Bengal, are 650 miles from Calcutta, 850 from Madras and 800 from Ceylon.

While Japan thus aimed a direct threat at India, Sir Stafford Cripps, special British envoy, sped a series of conferences with Indian leaders in an attempt to iron out India's long-smoldering internal friction and weld the dominion's vast manpower into a united fighting force for the Allies.

Countering British pledges of greater freedom, Japan entered the struggle for control of India's millions with the announcement of an Axis-sponsored movement for Indian independence.

The Berlin radio broadcast a Tokyo dispatch saying representatives of the "Indian Independence Party" from Hongkong, Malaya, Thailand and Shanghai—all under Japan's thumb—would convene in Tokyo on March 28.

Other major developments: Philippines—A war department bulletin reported that 54 Japanese heavy bombers battered at American-defended island forts at the entrance to Manila bay in a six-hour assault.

The heaviest blows fell upon Corregidor fortress, the communists said, adding that anti-aircraft batteries shot down four of the raiders. Damage was slight and casualties few.

Australia—Gen. Douglas MacArthur, Allied supreme commander in the southwest Pacific, paid his first visit to Australia's capital and immediately conferred with Prime Minister John Curtin on plans for defense of the "down under" continent and for an ultimate offensive against Japan.

Britain—British headquarters reported mounting Japanese pressure against Allied lines from the south and east, with enemy parachute troops seeking to foment native revolt.

While transport difficulties of the United Nations were tremendous, Japan was reported to be facing a shipping problem in any further extension of her program of conquest.

## BANK DIRECTOR IS SLAIN IN A HOLDUP

Powhatan, O., March 26.—(P)—Alex C. Van Dyne, 57, Powhatan National Bank director and school board member, may have wounded one of two holdup men who killed him in a business district gun battle, authorities said today.

Van Dyne's wife, Caroline, and a son Leland, said they heard the shooting last night and rushed to a window in time to see gun flashes. Van Dyne, whose apartment was next to the bank, died soon after his wife and son reached him.

The son said his father had between \$2,000 and \$3,000 in his pocket at the time—the day's receipts of his filing station.

## SCHOOL MEN OF WARREN COUNTY ENJOY MEETING

There were 31 members\* and three guests in attendance at the monthly meeting of the Warren County Schoolmen's Club in the Sheffield Methodist church last evening.

During the evening of dessert, the group was entertained with accordion music played by Mary Konestoba and trombone selections by Sidney Brong, with Miss Konestoba as accompanist.

During the business session, routine reports were presented and A. N. Hunter told the legislative committee's efforts James E. Springer made announcement concerning the Warren County Public School Employees' Federal Credit Union and H. L. Blair spoke of a bus drivers' convention to be held at Edinboro. C. W. Johnson asked that teachers be prompt in reporting sentiment regarding the Warren County P. S. E. A. Social gathering and Orval Borton extended an invitation for the members to meet at Clarendon May 13. The committee on arrangements will include Mr. Borton; Mr. Wolfe, Youngsville, and Wayne Chamberlain, of Sheffield.

C. W. Jordan spoke briefly concerning the Warren county film library, prompting appointment of a committee consisting of E. H. Cornish, Tidoute; A. N. Hunter, Mead township, and James Springer, Warren.

James Waite introduced the guest speaker, Ernest C. Miller, well known Warren oil expert and author of "Oil Mania". Pictures and maps used to illustrate his fine talk made it doubly interesting to the schoolmen.

## MANY OPENINGS ARE ANNOUNCED IN NAVY FORCES

The recruiter in charge of the Navy recruiting office at Jamestown, N. Y., has received word that Lt. William I. Stenwell, Civil Engineer Corps, will be in Buffalo on March 30 and 31 to interview all men experienced in the building and construction trade who desire to enlist in the construction regiment now being formed.

Men experienced in any of the following named vocations are especially desired: Machinists, truck drivers, tractor operators, road machine operators, concrete workers, riggers, hospital attendants, telephone men, carpenters, electricians, metalmiths, cooks.

Men found physically and professionally qualified are eligible for petty officer ratings with pay ranging from \$60 to \$120 a month and will be enlisted for duty in the newly formed construction regiment.

All men interested should apply at the recruiting office in Jamestown, N. Y., not later than Sunday, March 29. The Jamestown recruiting office is open each week day from 8 a. m. to 8 p. m. and from 8 a. m. to 1 p. m. on Sundays.

## START SALE OF EASTER SEALS IN THIS COUNTY

Horace A. Crary, president of the Warren County Crippled Children's Committee, has formally announced the opening of the annual sale of Easter seals in the county. Proceeds from this sale, which is carried on throughout the nation during the weeks preceding Easter, will be used to advance the program for crippled children and adults.

Mr. Crary points out that although response to appeals of other years has been generous, the organization is facing an emergency this year; a dual responsibility of carrying on for the crippled we have with us and preparing for the serious burdens that are to come. He explained the present necessity for physical restoration and vocational rehabilitation by reminding friends of the nation's need for the productive capacities of all its people.

"The prospect that volunteer efforts in this direction may require dramatic expansion because of the impact of the war is no less real because it is unpleasant," he remarked. "The country is now facing the problem of the permanently disabled soldier. While government planning to meet this problem is already under way, the experience and facilities of volunteer organizations, which for years have been financed by the Easter seals, will be urgently required."

## TO ROUSE FLOW Of Liver Bile

Normally about a quart of these digestion-aiding bile juices should flow freely into your intestines every 24 hours. A scanty flow—a slowing-up may mean Sick Headaches, so-called Bilebiliousness, Poor Digestion, that "half-sick" sour feeling and most probably constipation.

Avoid Calomel or other drastic drugs. Get a bottle of Kruschen Salts—a gentle EXCITANT—tonight. Start right in tomorrow morning and take half a level teaspoonful in three-quarters of a glass of water (hot or cold) half an hour before breakfast, and keep it up for 30 days. Now you'll know what it is to get up feeling fit and ready for a real day's work. Try Kruschen—a famous English formula and see what it means to you when Bile Flows Freely. Satisfaction Guaranteed or money back.
